

HYMNAL PLANNER FOR SING UNTO THE LORD: A Liturgical Hymnal (YEAR B)

© Anglican Music Publishing, Savannah, GA 2024

Many thanks to Mr. John Marshall of Christ Church Anglican (1733), Savannah for his diligent and faithful work in creating this hymnal planner. While you may certainly download and use this MS Word file as a digital copy, it might also be helpful to print it out, two-sided, and place it in a ring binder for easy future reference. Years A and C can be found in separate documents.

About CCLI and photocopying hymns: the possession of a CCLI license (Christian Copyright Licensing Inc.) does not allow for the photocopying of music in hymnals. CCLI does cover the legal use of many contemporary songs but does not cover work published in hymnals. Your organization must secure permission from the individual publisher of a hymn (as we have done for the hymns in this hymnal unless a hymn is in the public domain) in order to reproduce a hymn in a Sunday order of worship, project it on a screen, or post it to a website. This is a large part of the convenience of purchasing hymnals for your church or organization as they are an enormous collection of highly vetted, singable, and topically organized congregational songs spanning many generations and cultures.
